

# 12<sup>TH</sup> CONGRESS OF THE VASCULAR ACCESS SOCIETY

VIRTUAL CONGRESS

April 6–9, 2021

## NEWSLETTER

**Dear Colleagues,**

We would like to invite to the **12<sup>th</sup> Congress of the Vascular Access Society** which will be held virtual form **April 6–9, 2021**.

The biannually VAS Congress will bring together the international community of clinicians, vascular technologists, nurses, and researchers, devoted to the important issue of vascular access.

The scientific program will provide a three-day meeting with state-of-the-art lectures about new developments in clinical practice, basic research as well as the latest results from clinical trials. Within the scientific program you will also find sessions dedicated with nursing related topics.

The scientific program is preceded by virtual workshop for physicians and nurses.

### **Virtual workshop for physicians:**

- Ultrasound
- Surgical procedures
- Interventional procedures incl. fistula creation
- Catheters

### **Virtual workshop for nursers:**

- Arteriovenous fistula evaluation through physical examination
- Vascular Access Ultrasound
- Ultrasound guided cannulation
- CVC – Handling and implantation

Dear friends, do not miss this important event and **register** on line for both, **scientific program** and **workshops**. More information you can find on the website [www.vas2021.org](http://www.vas2021.org).

With best regards and hoping to meet all of you during our virtual congress!

**Christian Hohl**  
*Congress Chairman*
